

MAXIMAPURE

REDISCOVER THE BEAUTY OF **MAXIMA PURE**

On the outside, crisp clean edges create the most pristine facets. Inside is a core of perfectly clear, flawless lead-free crystal. Together they form a whole that is as pure and beautiful as nature's finest creations.

This is MAXIMA Pure.

Step into a world that is sparkling and seemingly untouched by human hands. It is elegant in its simplicity. Its true colours shine through as light reflects and refracts, playfully dancing on its surface like the sun's rays on a shimmering sea. But just like an ocean, MAXIMA Pure has substance within its depths that may not be apparent at first glance. Its mesmerizing crystal and cut are underlined with the consistency, confidence, and certification you have come to expect for our premium product line.

Re-discover the beauty of purity – of MAXIMA Pure!

KEY FEATURES OF **MAXIMA PURE**

1 CRYSTAL
The Look and Feel
of Full-Lead Crystal

Consumer Product Safety Improvement Act
- ✓ **Directive 2009/48/EC**
Safety of Toys
- ✓ **OEKO-TEX Standard 100**
Product Class II

COMPLIANCE

The MAXIMA product line conforms to the following world standards:

- ✓ **REACH – Registration, Evaluation, Authorisation and Restriction of Chemical Substances**
- ✓ **RoHS – Restriction on Use of Hazardous Substances ****

PRECIOSA products that carry our new Lead-Free Brilliance symbol contain less than 0.009 % lead (< 90 ppm) and are made according to the highest environmental and sustainable manufacturing practices. These premium products meet the most stringent industry standards and international certifications.

* Lead content < 0.009 % (< 90 ppm)

** Except Citrine, Coral, Garnet, Hyacinth, Light Siam, Olivine, Siam, Sun.

For further information regarding compliance or application recommendations please refer to our website, www.preciosa.com, or contact our sales department at info@preciosa.com.

ART. 431 11 111 | SIZE ss00–ss2

A coiled, flexible, translucent white tube with a textured surface, likely a medical device, set against a white background. The tube is shown in a loose, overlapping coil, highlighting its flexibility. The surface has a fine, granular texture. At the bottom right, a small, cylindrical metal connector is visible. In the top right corner, there is a small, faint illustration of a medical device component.
