CRYSTALLIZED™ – Swarovski Elements

TECHNOLOGICAL *turns lyrical*

POETRY OF PRECISION

Since 1895, Swarovski has been dedicated to perfection. True to the humanitarian values set down by its founder, Daniel Swarovski, the company is committed to nurturing the welfare of its employees, the community and the environment.

ELEMENTAL ATTRACTION

CRYSTALLIZED™ – Swarovski Elements are the cintillating soul of design. In a vast array of constantly innovative cuts, colours and textures, they unleash boundless creativity.

CATALYSING IMAGINATION

Crystal is a dream-weaver, an infinite source of inspiration for artists, artisans and designers in all creative fields. Swarovski's team of trend experts soak up the Zeitgeist and share their insights with our partners.

LOVE AT FIRST LIGHT

Crystal has the power to stir emotions, to awaken the senses. Perfect, light-filled, endlessly versatile crystals transform creative visions into objects of desire. “Made with CRYSTALLIZED™ – Swarovski Elements” is a declaration of authenticity and integrity.

Information on Certificates and Compliance of
CRYSTALLIZED™ – Swarovski Elements

MORE THAN 100 YEARS OF *innovation AND experience*

Swarovski has been dedicated to perfection in all aspects of crystal creativity since 1895. Today, Swarovski is an inspiration to the entire design world in terms of precision-cut crystal.

RESPECT AND *responsibility*

Swarovski products all reflect the company's corporate values of respect, integrity and social and environmental responsibility.

CRYSTALLIZED™ – Swarovski Elements are synonymous with the spirit of innovation – not only from a design perspective but also with regard to certificates and compliance to laws governing health and safety.

OEKO-TEX CERTIFICATE

CRYSTALLIZED™ – Swarovski Elements are certified according to Class II of the Oeko-Tex-Standard 100, an international quality label for harmless textiles. The Class II standard for the textile industry regulates textiles that are in contact with the human skin. The standard regulates thresholds for specific health damaging substances (if concentration is too high), a standard even more strict than present laws.

EN71/3 AND ASTM F963-03 CERTIFICATE

CRYSTALLIZED™ – Swarovski Elements fulfill the EN71/3 and ASTM F963-03 norms with reference to the allowable lead solubility for children's toys.

PLATINUM FOILING AND M-FOILING FREE OF HAZARDOUS SUBSTANCES

The foilings used for CRYSTALLIZED™ – Swarovski Elements are compliant according to 16 CFR 1303 and do not exceed the lead limit for surface coatings.

ROHS COMPLIANCE

The RoHS Directive which is in effect since July 1, 2006 regulates the use of certain hazardous substances (e.g. lead, cadmium, mercury, ...) in connection with electrical and electronic equipment.

Based on the exemption granted to the glass industry for bound lead in crystal glass, the majority of our crystal assortment* may be continued to be used in the area of electric and electronic devices.

* At time of printing non RoHS-compliant colours are: Citrine, Dark Red Coral, Emerald, Fireopal, Garnet, Hyacinth, Light Siam, Olivine, Palace Green Opal, Siam and Sun

REACH

The Registration, Evaluation and Authorization of Chemicals is a new EU regulation that came into force on June 1, 2007. Under this regulation, manufacturers or importers of chemicals must pass on information about chemicals that are contained in the products they provide. This information needs to be provided both to customers and to the European Chemicals Agency. Swarovski fulfils all the requirements of the REACH regulation.

For further information regarding compliance and/or application recommendations please refer to our business website WWW.SWAROVSKI.COM/CRYSTALLIZED or to our Application Manual.

DESIGNER *editions*

Swarovski can look back on a long history of collaborations with artists, artisans and designers in all fields of design.

They transform creative visions into exclusive cuts and designs for CRYSTALLIZED™ – *Swarovski Elements*.

Crystal, the dream-maker, an infinite source of inspiration.

Designer Editions

Catalysing Imagination by exclusive Designer Edition Products

<<<

Swarovski can look back with pride on a long history of partnerships with many fashion and design legends like Coco Chanel or Christian Dior. The Arora Borealis effect, for example, found worldwide acclaim following work with Christian Dior in the 1950s. More recently, the creative partnership with Giorgio Armani saw the development of the Diamond Leaf cut, which features an organic design and closely resembles a natural leaf. Nature has also provided the inspiration for the latest joint project with the French designer Andrée Putman. These design co-operations are joyful collaborations that always result in beauty and quite unconventional displays of creativity.

But Dior, Armani and Putman are just three examples of the many celebrated designers who have worked with CRYSTALLIZED™ – *Swarovski Elements* over the years, turning loose crystals into limitless creative possibilities.

Designer Editions assortment

<<<

In this launch we proudly introduce 2 Designer Editions: the Divine Rock family and a beautiful Transfer collection designed by Manish Arora.

CRYSTALLIZED™ – *Swarovski Elements* presents Divine Rock

<<<

Elemental attraction

These are exclusive cuts, the result out of our creative cooperation with leading international designers present a completely new and quite unique look. The crystals feature an exciting contrast between sparkling facets and other facets with a matt finish. An optimal brilliance and superb light refraction is achieved thanks to the use of an irregular and deep layered cutting technology, which is yet another example of the innovative power invested in producing cutting edge CRYSTALLIZED™ products. This latest assortment is made up of Sew-on Stones, Fancy Stones and Pendants.

CRYSTALLIZED™ – Swarovski Elements presents Transfers by Manish Arora

<<<

Designer Edition Transfers are creations by renowned international designers inspired by CRYSTALLIZED™ – *Swarovski Elements*. For the Autumn/Winter 2010/11 season, Manish Arora, Delhi-based fashion designer, uses his fantastic and fantasy-filled mix of traditional Indian costume, embroidery, pop art and psychedelic dreaming to influence his contribution of 10 Standard Motives developed in cooperation with CRYSTALLIZED™ – *Swarovski Elements*. Manish Arora injects vibrant colours into his memorising patterns that go beyond Indian-style motives to reflect alternative artistic expressions drawn from outside his own culture.

Designer Editions – Distinct Packaging

<<<

All products belonging to the assortment will be branded with the exclusive stamp “Designer Edition” directly on the packaging.

CRYSTAL mosaic

Following the trend for a refined glamorous look, CRYSTALLIZED™ complements its assortment with a totally new direction: Fusion Concepts, a new interpretation of crystal with other types of materials. The first innovation in this product group is Crystal Mosaic, a glamorous yet refined crystal, discrete sparkling elements, available in five special colours.

This line of various exciting innovations is a totally new direction to complement the existing CRYSTALLIZED™ – *Swarovski Elements* assortment. Following the trend for a refined glamorous look, Fusion Concepts for the first time combine new interpretations of crystal with other types of materials. Cut to perfection and following various trends, these are innovations that delight and surprise as well as adding significant additional value to each design creation.

Crystal Mosaic

<<<

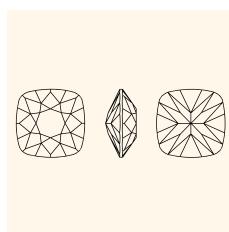

The first innovation of the newly introduced Fusion Concepts direction features a glamorous yet refined crystal where every single piece is individual.

As pure crystal material it offers the possibility to use discrete sparkling elements that have enticing depth together with the existing CRYSTALLIZED™ – *Swarovski Elements* assortment.

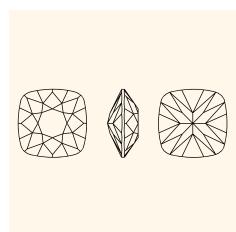

Article Explanation

<<<

Crystal Mosaic article numbers follow the already known article groups and numbers, however /A is added to the original article number to distinguish between Crystal Mosaic and crystal variants.

4470

4470/A

Homogeneous Colour Appearance

<<<

Each single Crystal Mosaic piece is unique, the colour appearance of different pieces of the same article however create a homogeneous look.

Foiled vs. unfoiled

<<<

With some colour combinations there is a visible difference between foiled and unfoiled articles in Crystal Mosaic.

Mosaic White
Opal FoiledMosaic White
Opal Unfoiled

Application Guidelines

<<<

Because of sharper hole edges, it is worth considering using a stronger thread (nylon coated wire) for your designs.

3 new XILION Upgrades

<<<

The revolutionary XILION technology, characterised by alternating small and large facets, boosts the power of light reflection and intensifies the luminosity of the refracted light.

Copyright protected XILION has been successfully implemented in various product groups of the CRYSTALLIZED™ – Swarovski Elements assortment.

With this Autumn/Winter 2010/11 launch, CRYSTALLIZED™ introduces the XILION cut used on three existing products.

4300 -> 4328 XILION Pear (p. 31)

5301 -> 5328 XILION Bead (p. 46)

6200 -> 6428 XILION Pendant (p. 57)

The results are clearly visible – these upgraded XILION articles are convincing proof of the unique XILION brilliance!

The latest methods of measuring light refraction have been deployed to develop the XILION Pear, XILION Bead and XILION Pendant – and also to prove their inimitable brilliance.

Bolder light reflection and intensified scintillation produce the optimal light distribution and result in the highly brilliant XILION look.

Article Explanation

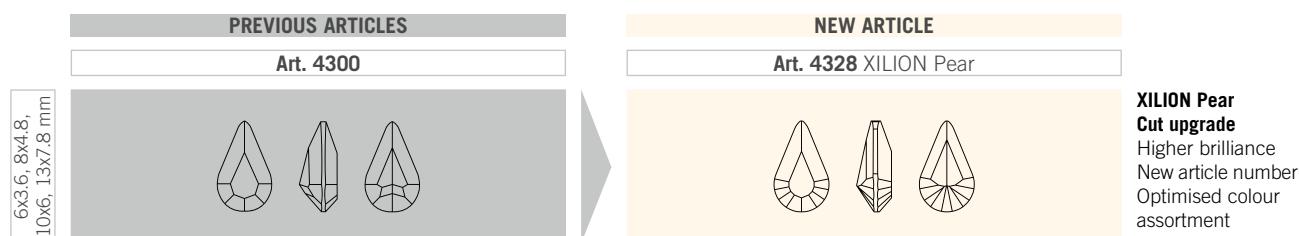

<<<

Unique XILION brilliance for Pear Fancy Stone!

After the successful implementation of the XILION Navette and the XILION Square, CRYSTALLIZED™ – Swarovski Elements continues to extend the XILION family and has now achieved a brilliant XILION cut on its Pear Fancy Stone.

With this upgrade, the existing Pear Fancy Stone art. 4300 is completely replaced by the new art. 4328, XILION Pear.

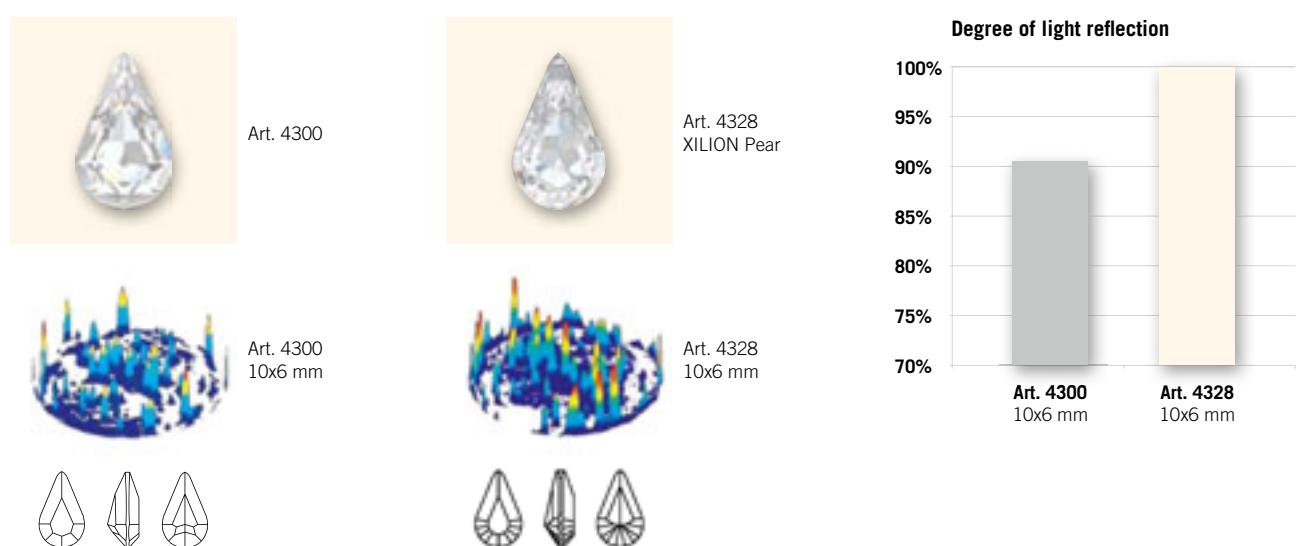

The new article XILION Pear is available in the same size range as the previous article 4300 and in a harmonised, extended colour assortment.

Brilliance that you can see and measure

<<<

XILION Pear is captivating with its distinct luminosity that is generated by the increased reflection of individual points of light versus art. 4300.

Fancy Stones & Settings

Product Characteristics

<<<

Art. 4328 XILION Pear offers the following advantages:

- The sophisticated XILION cut results in unique brilliance.
- Complex faceting imitates the look and luminosity of a multi-layered cut.
- Copyright protected XILION cut by Swarovski
- Same price level as art. 4300!
- Comprehensive and extended colour assortment: 16 new variants!

Application

<<<

Settings & Moulds

Existing standard settings and moulds can be used for the application of XILION Pear, since its dimensions and geometry are nearly identical to the previous articles. Application is also facilitated because of a new auxiliary facet on the back.

Launch and Transitional Period

Please note that during a transitional period until end of 2009, we will deliver both versions (previous and new) according to their availability.

Semi-finished Products

The new XILION Pear will be introduced in the art. 16604 Pear Single Stone Setting (all sizes).

The stone pattern of art. 16604 will be changed from art. 4300 to art. 4328 as of September 2009. The system numbers will remain the same. All orders placed from September 2009 onwards will be filled using art. 4328 XILION Pear.

XILION bead

CRYSTALLIZED™ – Swarovski Elements introduces a new member to the XILION family: XILION Bead, the unique upgrade of the 5301 Bead.

The increased number of facets enhances the overall appearance of the bead and the rounder belt line results in improved wearing comfort of the finished design. You will benefit from the unique XILION brilliance!

Beads

XILION Bead Article Explanation

<<<

Differentiated XILION cut and unmatched brilliance for successful Bi-Cone Bead!

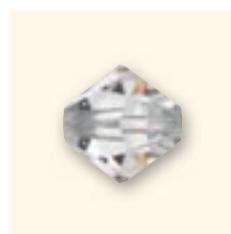

CRYSTALLIZED™ – Swarovski Elements has extended the XILION brilliance to the Beads product range with the introduction of the XILION Bead art. 5328 in June 2009.

Customers benefit from the unique XILION brilliance and the differentiation that comes with this unique and copyright protected innovation. The introduction of this complex XILION cut clearly differentiates us from the competition and strengthens Swarovski's trusted position as the innovation leader. The XILION cut on this bead is a significant step in what has been an already very successful product evolution.

Brilliance

<<<

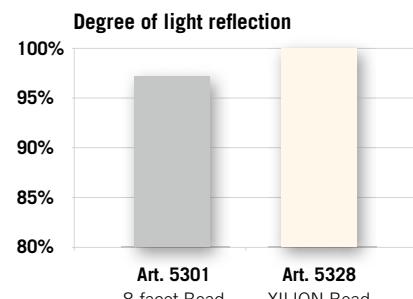

The brilliance, light reflection and scintillation of XILION Bead are superior to anything available in the market.

Beads

Product Characteristics

<<<

Key advantages of 5328 XILION Bead:

- The sophisticated XILION cut results in unmatched brilliance.
- Clearly differentiated cut compared to all competitor products on the market
- Rounder belt line ("equator") results in increased wearing comfort

Further advantages are:

- Complex faceting imitates the look and luminosity of a multi-layered bead.
- Copyright protected XILION cut by Swarovski
- Combinations possible with the 5301 due to harmonious geometry and dimensions
- Application is similar to the previous art. 5301
- Same price level as art. 5301

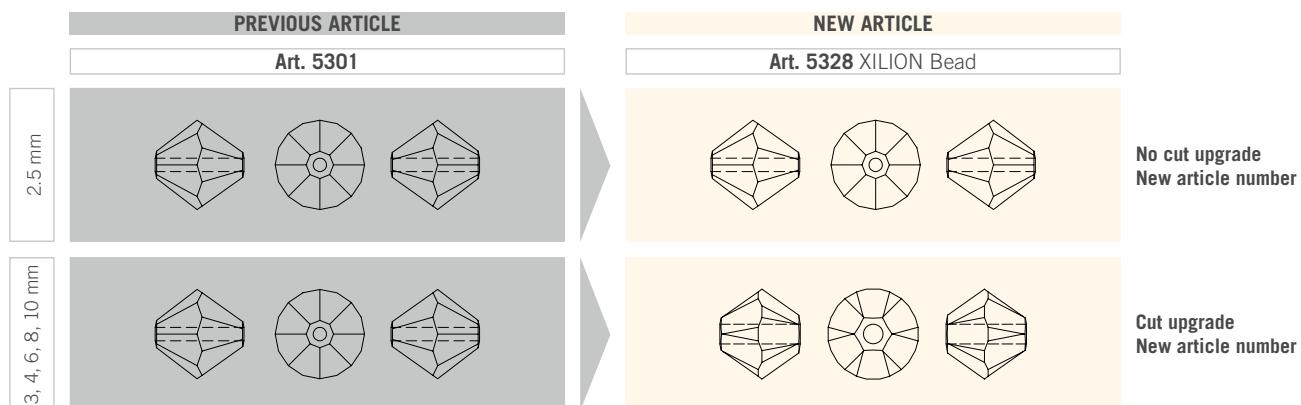

Guaranteed distinctive features are:

- Crystal clear and polished hole amplifies the brilliance
- Only CRYSTALLIZED™ offers rounded hole edges that enhance longevity of designs by protecting thread.
- Perfect geometry and highest precision cut results in harmonious and brilliant designs.
- Comprehensive variety of colours and effects (66 colours, 20 effects + all possible colour/effect combinations)
- Extensive size assortment, including the smallest crystal bi-cone bead in the world (2.5 mm)
- Bi-annual launch of colours and effects in line with the latest fashion trends
- Lowest reject rates in the industry
- Due to its timeless cut and shape, the XILION Bead can be used in all segments: jewellery, accessories, haute couture, ready-to-wear, DIY, lingerie and swimwear, interior, etc.
- The XILION Bead is also available for the respective Semi-finished Products: Crystal Yarn, Linked Findings, and Cupchains.

Assortment

<<<

The XILION Bead is available in the same size range as the previous art. 5301.

No change: all variants of art. 5301 currently available will be adapted to the new and improved XILION cut.

Beads

Semi-finished Products

<<<

The same logic being applied to the new XILION Bead will also be applied to the Semi-finished Products.

The XILION Bead will be introduced in the following products. The article number and material number will remain the same for these products.

Crystal Yarn:

Art. 59000 and 59010

There will be a transitional period through November 2009.

Cupchains & Findings:

Art. 62009, 90025, 90026, 90027, 90028, 90A31

Only the base stone art. no. needs to be changed from 5301 to 5328 for the art. 90025, 90026, 90027, 90028, 90A31

As all above, articles are made to order. There will be no transition period.

6428 XILION Pendant Article Explanation

<<<

Unique XILION brilliance and an extended assortment of the XILION Pendant!

CRYSTALLIZED™ – Swarovski Elements continues to extend the XILION family and now enhances its Pendants offer, starting with the former article 6200, which now becomes art. 6428 XILION Pendant.

The new XILION Pendant is available in the same size range as the previous articles and in an extended assortment of effects.

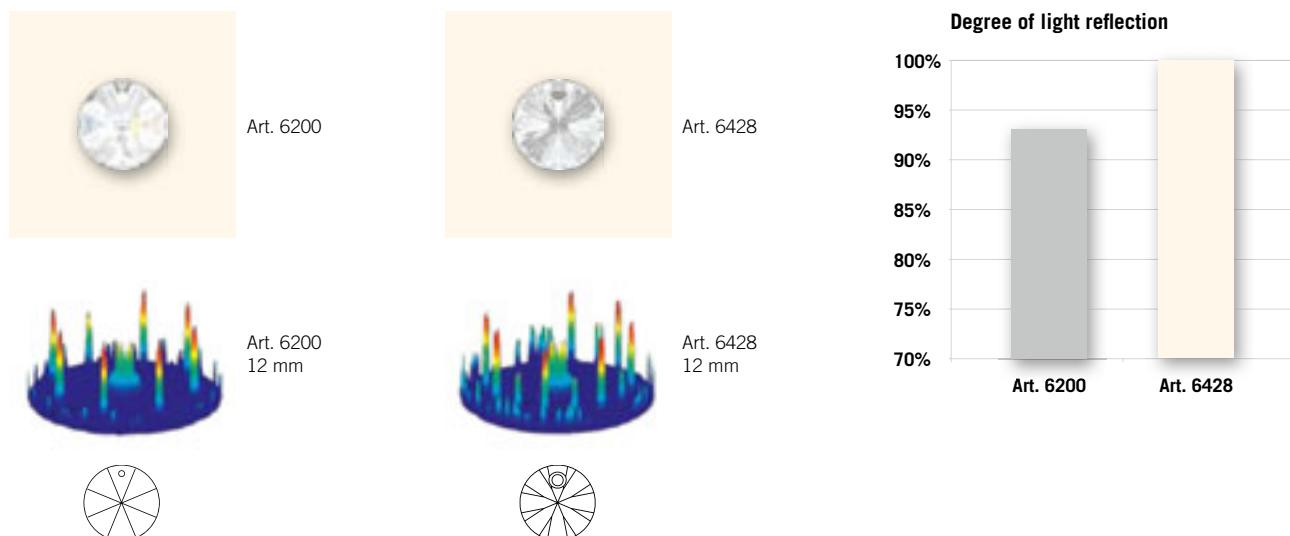

Please note: the sizes 8 and 12 mm will have a larger hole diameter and they will also have rounded edges on the hole entry and exit as an additional quality feature.

PREVIOUS ARTICLE		NEW ARTICLE		
Art. 6200		Art. 6428		
6 mm			6 mm	New article number Cut upgrade No hole upgrade
8, 12 mm			8, 12 mm	

Brilliance that you can see and measure

<<<

When compared with art. 6200, the 6428 XILION Pendant is a captivating crystal with distinct blazing luminosity that is generated by the increased reflection of individual points of light.

Pendants

Product Characteristics

<<<

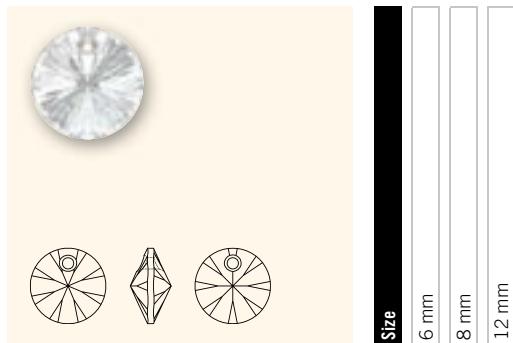

Advantages of 6428 XILION Pendant:

- The sophisticated XILION cut results in unmatched brilliance.
- Complex faceting imitates the look and luminosity of a multi-layered cut.
- Clearly differentiated cut compared to all competitor products on the market
- Patent protected XILION cut by Swarovski
- Increased number of facets enhances the appearance of the shape
- Same price level as art. 6200
- Extended assortment: the effects Crystal Copper, Crystal Golden Shadow and Crystal Silver Shade will be available in the standard assortment
- 8 and 12 mm: crystal clear and polished hole amplifies the brilliance
- 8 and 12 mm: rounded hole edges support longevity of designs by protecting thread

Launch and Transitional Period

Please note that during a transitional period until end of 2009, we will deliver both versions (previous and new) according to their availability.

Article Explanation

<<<

Crystaltex Motives are now also available as Special Motives (customised laser-cut motives). The extended assortment of colours can be combined with six different base materials and opens up a multitude of options for individual designs. Up to six different colours can be incorporated in a motif.

65 288

01

**C** F083-205/214/206**E** S6/S6/S6**S** ~33x33**M** 36 PCS | **100%**

Article number	Colour assortment	Elements	Motif size in mm	Minimum order quantity in pieces (PCS)	Documentation size in %

Colour of base material (F083) is separated from crystal colours with a hyphen. Colour code 1 (205) corresponds with element 1; colour code 2 (214) corresponds with element 2 etc.

Crystaltex Motives are available in stone sizes SS 6 and SS 10.

Over- or undersupply of +/- 10% is possible and has to be accepted.

* The base material Fabric (F) is available for Crystaltex-it as special production.

Special Motif Service

<<<

A special motif is any individual design created by the customer, which is different from the Crystaltex Motives Standard or Trend Collections. This service opens up many customisation possibilities and enables you to profit from Swarovski's longtime experience and design expertise. A range of customisation options for existing motives is available (see "Customisation Possibilities" below). You may also submit sketches of a design that will suit your special needs – such as a brand image or an image to suit a particular sales campaign. This will then be made up according to your specifications using Computer Aided Design, which allows for easy adjustments according to your needs. All Standard Crystaltex Motives are also available as „It-version“ and vice versa.

Customisation Possibilities

<<<

Min. size: 12x12 mm (4x4 stones)

Max. size: 122x162 mm

Distance between the Flat Backs SS 10 (from stone centre to stone centre):

- Max. 4.8 mm
- Min. 3.4 mm

Distance between the Flat Backs SS 6 (from stone centre to stone centre):

- Max. 3.7 mm
- Min. 2.4 mm

Up to six colours are possible for Crystaltex and Crystaltex-it Motives using either SS 6 or SS 10 stones (mix of stone sizes is not possible).

Ordering Process

<<<

Send the request with a drawing you wish to order to your nearest Swarovski sales office. Make sure you include all measurements to the desired motif. Please also indicate which product group your special motif refers to (Crystaltex, Crystaltex-it). You will then receive a quotation including your article number, minimum order quantity (MOQ), price, and the line drawing of your special motif in PDF format. Please contact your Swarovski sales office again if any changes need to be made. Your special motif will be produced and delivered following your confirmation.

Please Note

<<<

Please always submit your drawing of the desired motif to represent it in the actual size you require. A small sketch, when enlarged to the desired size, will have blurred lines that will make it difficult to correctly reinterpret. Pictures or drawings representing 100% size of the design or very good quality scans in JPG, BMP or DXF format will ensure that we have clear data to work with. These can also be sent via email or on a CD-ROM. If sending a sewing pattern, please include the whole pattern and not just cut outs. When the sketch is submitted as a hard copy by fax or e-mail, please include a scale legend (e.g. copy/scan with ruler next to the drawing). This will ensure that the desired size of the motif can be identified.

Special productions are generally offered to all our customers if feasibility is given and our General Terms and Conditions are applied. Please note that the simple order of a design does not grant exclusive production of this design to the customer.

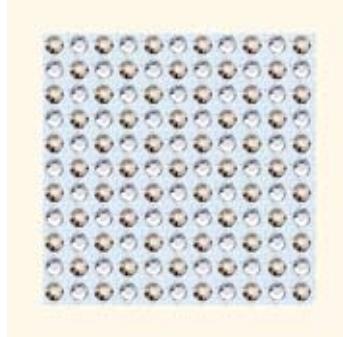

Over- or undersupply of +/- 10% is possible and has to be accepted.

GENERAL WARNING

Loose crystals may present a small parts hazard to young children, particularly children under three years old. Depending on the size of the crystal and any attached material (such as glue, fabric, etc.), children may choke on, inhale, swallow or insert the crystal into nose. With crystal applied magnetic products pose a particular risk of serious intestinal injuries if ingested.

The application techniques in this manual do not guarantee that crystals will not come loose. For each application, the manufacturer must determine whether the product meets relevant requirements related to small parts hazards and assess any risk it may pose to small children. Failure to follow Swarovski's care instructions may result in damage to the crystal, which could pose a risk of laceration or other harm.

WARNING FOR CRYSTAL TATTOOS

Crystal tattoos may be applied on health skin only. Do not adhere to eyes or on mucous membranes. Crystal Tattoos are not recommended for young children. Loose crystals may present a small parts hazard to young children, particularly children under three years old. If a crystal comes loose, depending on the size of the crystal, children may choke on, inhale, swallow or insert the crystal into nose.

WARNING FOR MAGNETIC PRODUCTS

Loose crystals may present a small parts hazard to young children, particularly children under three years old. With crystal applied magnetic products pose a particular risk of serious intestinal injuries if ingested. For each application of magnetic crystal products, the manufacturer must determine whether the product meets relevant requirements related to small parts hazards and assess any risk it may pose to small children.

WARNING

Application of loose crystals to tableware presents a risk of aspiration, choking, swallowing, or tooth damage. To reduce this risk, crystals should never be applied to any surface of tableware likely to come in contact with food and crystals should never be placed on any tableware intended for use by children. To avoid dishwasher damage, tableware decorated with crystals should be washed by hand.

The application techniques in this manual/suggestion do not guarantee that crystals will not come loose. For each application, the manufacturer must determine whether the product meets relevant requirements related to small parts hazards and assess any risk it may pose to small children.

The use of crystals (which may contain substances known as hazardous) and adhesives on tableware is subject to legal restrictions in specific countries. The customer is fully responsible to comply with these country-specific provisions and shall defend, indemnify and hold Swarovski harmless from any and all third-party claims based on product liability or otherwise relating to uses of Swarovski products and waives all its own claims against Swarovski.

NOTICE FOR APPLICATION ON PACKAGING

The use of crystal that may contain substances like lead, cadmium or hexavalent chromium, on packaging is subject to legal restrictions in specific countries, including but not limited in regard to the total content of substances based on the proportion between crystal mass to the remaining weight of packaging. The customer is fully responsible to comply with these country-specific provisions and to pass on this information to his customers.
